## RECENT OPERATIONS

By Paul Rardin

Last week I told Hub Spooner and Raymond Christian how many quail it would take to make a meal at our house. They said I could look forward to such a number the following evening. Sure enough, the next evening at sundown they drove up and brought the stated number. When those birds were properly prepared in the smother-fried style I like best, and a pan of hot biscuits were drawn from the oven, I couldn't help but wish that every body had a dish such as that. Delicious is not a good descriptive word in this case. Delectable is more to the point. Anyway, I've put Hub and Raymond away up front on my list. When fellows will part with quail on the first day of the season they are all right in my book.

Speaking of food reminds me that the price of black market sugar is up. For the past several weeks black market sugar has been selling five pounds for \$1.25 so my operatives have to be on the alert. But, this week there was a slight advance. Maybe, it was because of the need for a lot more sugar to go into the pumpkin pies at Thanksgiving, or maybe it was just fluctuation of the market. Anyway, the quoted price on black market sugar is \$2.00 for five pounds this week.

Mike Murphy at Murphy's Drug Store in Belle Glade flaunts the following slogan in front of every customer: "We serve the best cup of coffee in the Everglades." Bean buyers, bean growers, bean sellers, bean graders and all other folks mixed up in the bean deal, who have sampled Mike's coffee, are of the opinion that his coffee is far above the average. Many a hundred thousand dollars worth of beans have changed hands over a cup of Mike's coffee. His store is the favorite hang-out for the bean deal fellows in the thriving town of Belle Glade. His coffee sells for 5c a cup.

## Elks Official Will Visit Pahokee Lodge

Alex Arnette, district deputy grand exalted ruler of Florida Elks, will pay his official visit to the Pahokee lodge Thursday night, Dec. 5 at 8 p. m. A class of candidates will be initiated that night and a large number of Elks will be in attendance for the official's visit and the initiation ceremony.

## HOME FOR THANKSGIVING.

Miss Louise Sims of FSCW at Tallahassee and Miss Jane Sims of Atlanta spent Thanksgiving with their parents, Mr. and Mrs. G. Lawton Sims of Canal Point.

## ON TEXAS VISIT

Mr. and Mrs. Frank Shaughnessy left the first of the week for Dallas, Texas, where they are spending Thanksgiving and the holidays with their son, Edgar.

## Rev. Howes Speaks To Lions Club

Rev. C. T. Howes, pastor of the First Methodist Church, was guest speaker at the Tuesday luncheon meeting of the Pahokee Lions Club. Introduced by Luke Fraser, program chairman, the speaker gave a talk on "The Meaning of Thanksgiving." Also on the program Donald Padgett played two violin solos, accompanied at the piano by Mrs. Sydney K. Smith, Jr.

It was announced that the club cleared \$162.75 at the water and air carnival sponsored last Sunday afternoon at the Pahokee waterfront.

## Fish Fry Attended By 40 Boys & Dads

More than forty boys and dads joined in a Father and Son observance at Canal Point, Thursday, November 21. The event was a Fish Fry sponsored by the Canal Point Men's Bible Class of the Methodist Church. The class had passed on a Fish Fry as "the kind of thing that would mean the most to the men of the community." The belief was borne out in advance. Maybe, it was because of the need for a lot more sugar to go into the pumpkin pies at Thanksgiving, or maybe it was just fluctuation of the market. Anyway, the quoted price on black market sugar is \$2.00 for five pounds this week.

Sixty-five pounds of fish, heaps of slow, hush puppies, and gallons of coffee and fruit juice were stored away by those present. A. R. Harrington and D. L. Hooks were in charge of the food department, Harrington getting the fish and Hooks serving as chef for the evening.

The minister, Rev. William T. Blair, led the boys in a series of races and games while the other men were busy with the fixings.

One feature of the evening was a fish-eating race between the preacher and Joe "Dodo" Farker in which Parker took all honors.

The fry was held at the residence of Frank Wilson, the lawn being lighted by two campfires.

## ASSOCIATION TO MEET

The Pahokee-Canal Point Ministerial association will meet next Monday at 10:30 a. m. in Canal Point. Miss Harris will be in attendance to plan the Florida Chain of Missions program for this area.

## Triangle Restaurant Management Change

Jack Phillips has turned over the management of his Triangle Restaurant at the Canal Point packing house center to his sister, Mrs. Johnnie Davis, and is now operating the Gull Filling Station across the street from the Bank of Pahokee in partnership with Ronald Watson. Jack is renaming the station the Four-Way Service Station.

Paul Sasser, who formerly operated the Four-Way station is now president of the Glades Oil Company, Inc., distributors of Shell Oil products in the Glades area. His headquarters are now located at the Triangle Service Station in the Canal Point packing house center, the first Shell filling station to open in this area.

## Lake Shore Motor Company Will Open For Business Dec. 2

A new business concern will throw open its doors in Pahokee on Monday of next week when the Lake Shore Motor Company is opened for business. The concern is to be located in a handsome new \$65,000.00 building on the lots across the street from the Sanders Cities Service Oil company.

Messrs. A. J. Gamot and George Belk are the officials of the Lake Shore concern, with Mr. Gamot being president and Mr. Belk, secretary and treasurer.

The new concern is the factory-appointed dealer for Dodge-Plymouth cars and trucks in this area. In announcing appointment of the new company as Dodge-Plymouth dealer, the local dealers have the following to say: "We are extremely proud and happy to announce our association with two of the greatest names in the automotive industry. It is our purpose to render a service to present and future owners of Dodge and Plymouth motor vehicles, keeping with the quality and reliability and good reputation of Dodge and Plymouth products."

In commenting on the kind of service to be expected in the mechanical department of the new organization, Messrs. Gamot and Belk said: "You'll always get good service work in our shop. It will be the work of experienced men who take pride in doing a job right. And the cost will always be fair and reasonable."

"You will be sure, too, of always getting reliable, factory-engineered Dodge and Plymouth parts. We can keep your car or truck running better and longer. Yes—we believe it will pay you to let us be your automotive headquarters."

## Future Farmers Accept 15 Members

Fifteen green hands were initiated into the membership of the Pahokee Chapter, Future Farmers of America, at a meeting held at the high school Monday with President Harry Fremd presiding. It was announced that the membership of the chapter now totals 66.

It was voted to conduct regular bimonthly meetings on every first and third Monday night, starting in January.

Plans were made for members of the chapter to attend the State Fair in Tampa, Feb. 7-8. Milton Salvatore, Ed Howell and James Barnes were named on a committee to work with Richard Brooks, chapter advisor, in making arrangements for attending the fair. It was announced that fines imposed on absentees from meetings and delinquent members will go into the chapter's expense fund or the fair.

Reba Carlton, daughter of Mr. and Mrs. E. J. Carlton of Pahokee, is a patient at Good Samaritan Hospital, West Palm Beach, this week.

## Large Crowd Hears Memorial Service

A large crowd was in attendance at the annual memorial service conducted by the Pahokee Chapter, Order of Eastern Star, in the Masonic Hall Sunday afternoon.

The memorial service program was under the direction of Mrs. Jennie McKinstry with officers of the chapter taking part. Mrs. C. A. Moberg sang a vocal solo and Mrs. Ralph Grimes and Mrs. Duncan Padgett sang a duet. Songs were also sung by a ladies' quartet composed of Mrs. Charles A. Baker, Mrs. T. W. Knight, Mrs. Grimes and Mrs. Padgett.

## Lions Cup Goes To New Glades Champs

In a colorful ceremony immediately following the Belle Glade-Pahokee foot ball game the Pahokee Lions Club Cup was presented to the Belle Glade captains and the sponsors, Miss Dorothy Layfield and Miss Elizabeth Stevens. The presentation ceremony was short and impressive with Jimmy Wilson acting as master of ceremonies. He introduced Luke Fraser, program chairman of the Lions club, who made the presentation of the cup to the new Glades Champions.

The Pahokee team had retained the cup since the first presentation was made in 1943 when they won over Belle Glade by a score of 39 to 0. Again in 1944 when the two teams played to a tie the Blue Devils retained the cup. Last year the Pahokee aggregation won by a score of 12 to 6 and kept possession of the cup.

## Dr. Graham To Open New Pahokee Office

Dr. and Mrs. E. M. Graham have moved from Homestead into their residence on Southeast Second Street, Pahokee, which has been remodeled to include a physicians office which Dr. Graham will open in the near future. Before his recent discharge from the service Dr. Graham was a member of the U. S. Army Medical Corps.

## SPECIAL GUESTS

In accordance with the program inaugurated by the pastor of the First Baptist Church of Pahokee several weeks ago, this Sunday morning the members of the T. E. L. Sunday School class will be the honored guests at the preaching service. The title of this class finds its origin in 2 Timothy 1:5, the T for Timothy, E for Eunice, his mother and the L for Lois his grandmother. Mrs. Margaret Thompson is the teacher of this group and is leading the class in a most commendable manner. Its growth bespeaks for the teacher Christian activity of a high order.

FOR SALE: Pahokee Baptist Intermediate Sunday School building for removal from church lot. Submit sealed bid to C. A. Batchelor or H. L. Speer, Pahokee.

## Belle Glade Wins Foot Ball Classic Of The Glades 13-0

The strong and determined Belle Glade Rams set the Pahokee Blue Devils back on their heels to the tune of 13 to 0 in the annual Glades grid classic played on Lair Field Wednesday night and took the Bill Young Memorial Trophy, the Glades championship cup presented by the Lions Club, to Belle Glade with them.

Both teams were tense and over anxious at the start of the contest, consequently the first quarter was a see-saw affair marked by fumbles and penalties.

At the start of the second period the Rams took the ball on the Pahokee 49 and settled down for a march to the 3. A penalty set them back to the 8 where Quarterback J. T. Harrel tossed a pass to Left End Ray Kent who caught the ball and fell into the end zone for the touchdown when tackled on goal line. Harrel's attempt to run around right end for the point was unsuccessful.

At the start of the second half the Rams received the kickoff on their own 40 and ran the ball back to their 48 and then marched to the Pahokee 15 to loose the ball on downs. A little later they took a Blue Devil punt on the Pahokee 42 and marched to the 7. On the next play Halfback Boyd Koffman ran the ball to the 5 and fumbled, the ball bouncing into the end zone where Tackle Curtis Williams recovered for another Ram touchdown. Fullback Billy Bearden tossed a pass to Kent for the extra point.

The Blue Devil team appeared to have gone stale in this their last game and first defeat of the season. The line was unable to stop the Ram charges and the backfield didn't really click at any time during the game. Fullback Thomas Dickson gained practically all the yardage run up by Pahokee and also played a strong defensive game. The closest Pahokee came to, the Belle Glade goal was the 25 in the first quarter and here lost the ball on a fumble. Statistics:

## Perry Will be Site Of New Candy Factory

PERRY — Nearing completion here is an \$8,000 candy factory which F. H. Bolton, Perry railroad official, is constructing and which will be operated by his son, William H. Bolton.

Young Bolton is en route from

Army duty in the Panama Canal Zone, and is expected to arrive next week to take over preparations for opening the new business.

"Candy manufacturing is nothing new in our family," said Bolton, "and this plant in Perry has been planned for several years. Wartime difficulties and my son's Army service have delayed our plans till now."

The building which will house the plant is of hollow tile construction with stucco finish and trim of plate glass and glass brick. It is located on U. S. Highway 19, on the Northwest entry to Perry.

No definite date has been set for start of production, said Bolton, but he hopes the first sweets will be available just after the first of the year, depending on deliveries of equipment and supplies.

## Bureau Would Scrap Wagner Labor Act

MIAMI—Repeal or revision of the Wagner National Labor Act was urged by the 400 delegates, representing more than 6,500 members of the Florida Farm Bureau Federation at the organization closed a two day session here last week end.

Adoption of the resolution advocating the scrapping of the Wagner Act followed the election of officers. D. R. Igou, Eustis, was re-elected president; Francis H. Corrigan, Bradenton, vice-president; Mrs. Mary B. Lins, Vero Beach, women's chairman and John Ford of Orlando, executive secretary.

Fifteen thousand fishing boats ply in the salt waters of Florida, one of the world's greatest and most productive fisheries.

Adult alligators under observation at the St. Augustine Alligator Farm, were noted to breathe only once in every three hours, or eight times per day!

## Holland Decorates Office In Washington

WASHINGTON — Senator Holland has been busy moving in to his new offices and visitors describe the four room suite as a veritable museum. Taking with him the souvenirs, nicknacks, novelties, photographs and other trinkets gathered during his four years as Governor of Florida he has installed these in his suite and persons having to wait for an interview with the Senator will find plenty to interest them in the way of photographs and oddities.

On the Senator's desk is a large 8-ball that was given to him by Harry Hector of Miami when he was elected Governor. He kept it on his desk in Tallahassee for four years and has now gotten behind it again in Washington.

## Orange County Names GOP Member Legislature

ORLANDO — Orange County went on record as a "doubtful" county by electing a Republican, Alexander Akerman, Jr., to the Florida House of Representatives and giving M. J. Moss, Jr., Republican candidate for Congress from the Fifth District a majority over his opponent Little Joe Hendricks. But for support in other counties in his district, Hendricks would have been a gone goose and both Republicans and Democrats were amazed at the strength shown by Republicans and contend that Orange County has paved the way for eventual two-party government in Florida.

Moss, who gave Hendricks the worst scare in his political career, expressed keen satisfaction over the progress shown by his party and stated that if his race served only to awaken Republicans to their opportunity it was more than worth while.

Pointing to the sweeping Republican victories throughout the nation that gave his party control of both houses, he said that the Fifth District had muffed a golden opportunity by failing to send a Republican to congress at this election.

## St. Pete Plans Fair And New Grounds

ST. PETERSBURG — Ground was broken here last week for the 200 acre St. Petersburg Fair Grounds site on Fourth St. N. at 94th St. in a ceremony featuring city officials, civic leaders and officials of the St. Petersburg fair.

Construction of the Fair plant will start immediately, officials said.

With vice mayor E. C. Robinson acting as master of ceremonies, the first shovelful of dirt was dug by W. T. Baynard, local realtor and president of the Fair Association.

Plans call for the holding of the first St. Petersburg Fair next Feb. 18-Mar. 1 and a Horse Show will be an outstanding feature. Alfred P. Fleming, manager of the Chicago Horse Show, has been retained to stage the event.

Temporary buildings will be erected to house the first Fair and permanent buildings erected as soon as materials and labor are available, officials said.

## Fire Marshals In Meeting At Tampa

TAMPA — Approximately 30 deputy state fire marshals attended the Second Annual Deputy Fire Marshals School here this week. A two-day course was conducted by J. Edwin Larson, state treasurer and fire marshal. The school is sponsored by the state insurance department.

Speakers addressing the class included C. R. Durden, Atlanta, Automobile Underwriters Detective Bureau, R. W. Flack, FBI laboratory division, Washington, Dr. Richard D. Steinmetz, investigator of Chicago and A. Brue Bielaski, New York, representing the National Board of Fire Underwriters.

## Special Citrus Meet Scheduled Nov. 26th

LAKELAND — Urged by both the Florida Citrus Producers Trade Association and the United Growers and Shippers to make a study of citrus standards with the view to more rigid regulations, the Florida Citrus Commission will hold a special meeting November 26 to discuss the subject.

Some citrus men have advocated

raising the combination grade standard by requiring a higher percentage of No. 1 quality fruit. Present regulations require at least 40 per cent No. 1 fruit with the remainder No. 2 for a combination grade shipment.

Nearly 90 per cent of all early oranges shipped during last week went under a combination grade.

The Red Cross Student Council held a meeting November 19 and decided to make Nov. 26-27 Gift Days or Junior Red Cross Days which were observed by students presenting gifts for the patients of the Key West Naval Hospital.

An announcement which met with the unanimous approval of the students and faculty extended Christmas Holidays from January 2 until January 6. School will dismiss December 20.

Senior Class Dances! Fun with a purpose! Wednesday night the seniors were sponsors for a dance held in the gym for the Pahokee and Belle Glade teams and other guests. Admission fees were set aside to meet the expenses of producing an Annual.

The Senior Executive Board met recently to discuss the production of an Annual. Plans were made and submitted to the class for consideration and approval Tuesday, November 26. The problem of securing sufficient funds to meet cost of pictures, printing, and covers must be solved before the project can be activated. However, with several hundred dollars on hand from a series of football dances and a financial pledge from each Senior, the Executive Board is very optimistic.

## A Lesson In Conservation

We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turns to forest preservation, soil erosion, and other things that affect a farming community.

Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."

From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!

Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places ... watch out!

## Special Speaker For Pahokee Baptists

A special invitation is extended to the public to attend the services of the First Baptist Church of Pahokee this Sunday to hear the Rev. Sammul Berk of Miami Beach, Florida. The pastor, Rev. C. A. Moberg especially covets the presence of his many Jewish friends of this area in view of the fact that the guest speaker, formerly Jewish, is now a Baptist minister.

For some thirty years, prior to his conversion the Rev. Mr. Berk was an actor, having played the various leading circuits of the country. His reading of the life of Paul in the Bible led him and his wife to consecrate their lives that the gospel message and ministry might have the pre-eminence the remaining days of their sojourn on this earth.

At the morning hour of eleven a Bible message will be preached. At the night service the story of his conversion to Christianity will be related. The usual most acceptable musical program of quartets, choir and orchestra will prevail throughout the day with the "Illuminated Cross Meditation Sing" completing the program.

Richard and Thor Hatton visited their father, Robert Hatton, and grandmother, Mrs. Sarah Hatton, in West Palm Beach, over the weekend.

### Tampa Woman Heads PTA Groups Of State

TALLAHASSEE — Concluding one of the most successful annual conventions ever held by the organization the Florida PTA Congress elected Mrs. J. Floyd Griffin of Tampa, president to succeed Mrs. Walter Beckman of Miami.

Other officers named were Mrs. Arthur G. Ivey of Jacksonville, first vice-president; Mrs. Rob Roy Meador of Clearwater, vice-president, directing health program; Mrs. Jow Mason, Miami, secretary and Mrs. E. S. Swenson, St. Petersburg, treasurer.

Speaking as a member of the Governor's Florida Citizens Committee on Education, State Representative Richard H. Simpson stated that the committee's report and recommendations would be made soon and that if the PTA group favored such a program it was up to them to contact their

legislators and also conduct an active campaign to acquaint the public with the needs of the schools, for the legislature would adopt only the kind of a program the people wanted.

Approximately 475 delegates attended the convention.

While there is a great howl about the 484 Traffic deaths during the first eight months of this year (which, of course, are public deaths), at the same time more than 1000 persons were killed in other accidental ways, stated Asher Frank, Director of Florida Safety Council. Of the 1000 accidental deaths, one half of them were in the homes. Falls, burning and electrocutions accounted for most. There were many drownings, and some killed with fire arms. In preaching "safety, let's make it an all over program, concluded Frank.

Much joy exists in the camp of the Pahokee Bible Class these days in view of the record breaking attendance and additions in the enrollment. A better spirit of fellowship was never in evidence with all working as a unit for the salvation and edification of those interested. The contest by the groups continues in the atmosphere of Christian brotherhood with Paul Watson and his

fine workers maintaining the lead with the others not too far behind. This Sunday will mark the close.

The results will be given by Membership Vice President Thurmond Knight on Monday night, the occasion of the supper for the men and boys. The speaker Mr. Russell Williams, one of the south's outstanding orators will be present thanks to Elsworth Keen, class officer. This Sunday morning the class will have the privilege of hearing the Rev. Samuel Berk, Baptist minister formerly a Jew. This practical application

of the Sunday School lessons of this quarter will be received with much favor by the members.

The teacher, Rev. C. A. Moberg was asked not too long ago if he believed it possible for a real Jew to become a real Christian. For the answer, it must be remembered that the Christian church began with converted Jews, the disciples and many High Priests, etc., not to forget Paul who was Saul. Some of the outstanding and successful preachers today are those who have been converted to this program of thinking. Mrs.

Berk will speak to the women of the Philathea Class, Miss E. Caraway, president. A most cordial invitation is extended to the unaffiliated men and women of this area to attend these classes. The Philathea Class meets in Masonic Hall and the Men's Bible Class meets in Fellowship Hall at 9:45. A most cordial invitation is extended to the many Jewish friends of the Glades to attend.

"THANKSGIVING" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Thanksgiving Day.

The Golden Text is: "Let the peace of God rule in your hearts, to the which also ye are called in one body; and be yet thankful" (Colossians 3 : 15.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Make a joyful noise unto the Lord, all ye lands. Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless his name" (Psalms 100: 1, 4).

4. The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than verbal expression of thanks. Action expresses more gratitude than speech" (p. 3 : 22).

Members of the Simonson-Lair Circle, Pahokee WSCS, made plans at a meeting at the home of Mrs. O. B. McClure Monday afternoon for a silver tea to be held in the near future for the benefit of the Gertrude Shirley Circle. The committee appointed in charge of arrangements included Mrs. H. J. Anderson, Mrs. Duncan Padgett and Mrs. C. T. Howes.

Mrs. J. L. Hutton, Mrs. R. F. Hurt and Mrs. I. W. Weeks were named on a committee to nominate new officers for the coming year. Plans were also made for a Christmas party to be held next month at the home of Mrs. T. L. Burns.

A program on "India" was presented by Mrs. Howes. The devo-

tionals were led by Mrs. Hurt, assisted by Mrs. Hatton. Mrs. Max Ammons, Mrs. Cora P. Phillips, Mrs. Thompson and Mrs. Howes were guests.

Rev. Don Pinson has been chosen as the new pastor of the Canal Point Baptist church, according to an announcement by the governing board. Rev. Pinson has been associated with the seminary in Louisville, Ky. He will preach his first sermon for the local congregation on Sunday, Dec. 1. Rev. Pinson and his family will live temporarily in an apartment rented for them from Mr. Connell.

Miss Dorothy Tucker, instructor at Florida State College for Women, Tallahassee, will spend the weekend here visiting her parents, Mr. and Mrs. G. H. Tucker.

Miss Nancy Stevens, FSCW student, Tallahassee, is visiting her parents, Mr. and Mrs. W. A. Stevens, in Pahokee thru the Thanksgiving holidays.

Legion Auxiliary will hold a joint meeting in the Pahokee Woman's Club building on Monday, Dec. 2, at 8 p. m. Plans for starting a building fund for the financing of a new Legion home will be worked out at this meeting. Members of the Auxiliary will bring gifts to this meeting for the group's "joy shop", these gifts to be sent to veterans hospitals where they will be selected by the veterans as Christmas gifts to be sent to the home folks.

A revival will start next Monday night at the Nazarene church in Pahoekie and the pastor, Rev. A. E. Kelly, district superintendent of the Nazarene churches in South Carolina, will deliver the evangelistic sermons.

The Taylor County Chamber of Commerce is conducting a survey of Florida cities, using parking meters to determine public reaction to them and reports that they are accepted by the public and prove profitable to the cities as a revenue source.
